A few drops of serum can smooth strands, seal the cuticle, protect against UV rays and leave hair shiny soft.

As an added bonus, many eye serums have a cooling effect on the skin — perfect for an energizing boost in the AM.

SERUM SALVATION

Slim, smooth and sometimes even a bit slippery, serums are clearly separating creams and lotions as the must-have secret agent in skincare. Targeting everything from wrinkles, scars, dull complexion and even damaged hair, these liquids are loaded with ingredients to repair skin and strands and make them glow.
